

## Winter Wonderland

### Items Required for this Project:

- Stix2 None Stick Crafting Sheet 15" x 18" - S57132
- Stix2 3D clear foam pads - S57126
- Stix2 Hobby & Craft 30ml PVA Glue – Metal nib - S56890
- Stix2 Shiny Transfer Foil Set - S57105
- White card blank A6
- Silver mirror card
- Big Shot die cutting machine
- Sizzix originals snow flake#2 – 655011
- Cuttlebug embossing folder snowflakes - 37-1140
- Cuttlebug embossing folder sledding with snowman - 37-1558
- General crafting tweezers
- Scissors
- Craft knife, ruler and cutting mat

MICHELLE JOHNSON.

Designed by: Michelle Johnson

### Step-by-Step Guide:

1. Die cut three large snowflakes out of silver mirror card.
2. Cut the ends from one of the snowflakes.
3. Trim the third to leave a star shape as shown.
4. Emboss all three shapes with the snowflake pattern.
5. Stick the first snowflake onto the card 6mm from all three sides using PVA glue with a fine knob.
6. Add the second shape using a 3D clear pad to create a raised effect.
7. Stick the third onto the centre again using a 3D clear pad.
8. Attach the greeting with 3D clear pads.
9. Place 3D clear pads at an angle as shown at both sides of the greeting and colour with purple foil.
10. Create a dot of PVA in the centre of the layered snowflake.
11. Fill in the gaps on the base snowflake with PVA again using the fine knob and leave aside to dry.
12. Once the PVA has dried clear apply the purple foil.
